Product Highlights

Black Line S picture tube (32")

The Black Line S picture tube with its invar mask offers high contrast for natural colors and improved daytime viewing.

Black Line FX picture tube (28")

The Black Line FX Tube as Highly Pigmented Phosphors that give a better contrast, especially in daylight viewing.

Scavem (32" only)

An innovative circuit design to enhance edge details by varying the speed of the electron beam, providing a sharp and crisp picture.

Contrast Plus

A special circuitry has been incorporated into this receiver to enhance the darker portions of the picture for added realism and overall picture quality.

Continuous Zoom

Able to expand the picture from 4:3 to 16:9 in many steps so the user can select the best aspect ratio for the material being viewed.

Plug & Play

Having connected the tv, it automatically searches for all channels and installs them.

10 Page Smart Text

Fast access to your own programmed favourite text pages.

Top Controls

Volume and channel change controls on top of the tv to enable easy adjustment without the remote control

Side Connections

Connections for headphone and other inputs such as camcorder, side entry for ease of use.
